## Medical Recruitment Consultant

Plexus Medical Recruitment is seeking a dynamic recruitment consultant to join our team.

We are looking for a self-motivated individual with previous recruitment experience ideally in the healthcare sector. You must have a desire to build relationships with both clients and candidates therefore you will need excellent communication skills and a friendly, open manner. You will have the full support of the medical directors so any technical questions can be answered immediately and knowledgeably. All our candidates are interviewed and screened by practising medical practitioners so Plexus has carved a unique place in the market as we are not recruiters but "doctors recruiting doctors". Due to our in depth approach to screening you will be placing only "top end" candidates.

Plexus is a young company with a rapidly growing market share through our close connections to the European medical community. We strive for excellence in everything that we do and you will need to rise to this challenge and show a high level of organisational skills as well as a demonstrated ability to work autonomously. We support flexible, family-friendly working in our bright new offices in Hawthorn, Melbourne. Full, part-time and term-time working will be considered.

Our generous salary and commission package ensure that your hard work will be well rewarded. The position may require some interstate and overseas travel.

To apply please forward your CV and a covering letter to our Managing Director, Gillian Emond at [gillian@plexusrecruitment.com.au](mailto:gillian@plexusrecruitment.com.au)
